

Bill Roundy about his comic:

This comic is part of the "Anything That Loves" anthology from Northwest Press, along with work from about 30 other excellent cartoonists. I'm just talking about my own experiences here – if you want to read some cool comics by trans men, some of the ones I read are:

Rooster Tails, by Sam Orchard (who's also in the "Anything That Loves" anthology!)

What's Normal Anyway by Morgan Boecher (a great comic about being trans male)

Short comics by Tyler

And I liked this short coming-out comic by K Funk
